Message from our Administrator

As we welcome the sunshine and longer days of June, it's the perfect time to highlight the importance of health and safety in every aspect of home care—not just for our clients, but for ourselves as well.

This month, we encourage everyone to take simple but meaningful steps to stay well and support those we serve:

- **Sun Safety:** Protect your skin and eyes when spending time outdoors—use sunscreen, wear a hat, and take breaks in the shade.
- **Hydration & Nutrition:** Drink plenty of water and make healthy food choices. Good nutrition fuels energy, immunity, and healing.
- **Stay Active:** Gentle movement, like walking or stretching, keeps the body strong and the mind sharp.
- **Sleep & Rest:** Don't overlook the power of rest. Quality sleep helps caregivers and clients alike stay balanced and alert.
- **Outdoor Safety:** Be mindful of uneven surfaces, heat-related illnesses, and insects when out and about.
- **Mental & Social Well-being:** A kind word, a smile, or a shared laugh can make someone's day. Stay connected and check in with one another.

Health and safety aren't just checkboxes—they're part of the caring culture we create together. Thank you for your continued dedication, compassion, and attention to the little things that make a big difference.

DANNIEL
CARE GIVER - ST. GEORGE

Daniel has been such an amazing support to our team! He picks up last minute shifts and jumps in to help whenever he is needed! He goes above and beyond even helping train one of our other caregivers on how to drive our client's Tesla, driving another client to Mesquite, and even helped make and deliver Easter treats for our client's neighbors. We are so grateful for his big heart and "can-do" attitude!
